MEMORANDUM

TO: Kal Knickerbocker, Division of Aquaculture, FL DACS

FROM: Jeff Hill

RE: ARC Quarterly Report (1st Quarter) – Non-Native Aquatic Species and Aquaculture Research and Education

Task Progress

1. Infrastructure progress: A research greenhouse has been constructed. A boat hull, trailer, motor, and electrofishing equipment have been purchased and the system is in the process of installation.
2. Greenhouse equipment: Two recirculating tank systems (24 tanks and 2 sumps; ~5,200 gallons total) are nearing completion.
3. Electrofishing equipment/hauling tanks: Hauling tank specifications have been determined and a purchase order will be issued.

Please let me know if you have any questions or need additional information.
