

AQUATIC AND TERRESTRIAL

Level 2, Lesson One

Activity Three

AQUAEd: AQUACULTURE EDUCATION SERIES

Put the aquatic organisms in water (draw a line to the water at the lower left) and put the terrestrial organisms on land (draw a line to the upper right).

Aquatic organisms grow or live in the water.

Terrestrial organisms grow or live on land.

Latin Word Origins:

aqua = water, like aquarium or aquaculture
terra = earth, like territory or terrace
